## VT Graphics

### Visual Communication Solutions Building Brands.

VT Graphics is an industry leading pre-press and flexographic plate manufacturing company with 48 years of experience serving multinational brands, CPCs & corrugated converters. We specialize in flexographic services for corrugated containers and POS/POP displays. We continually innovate and invest in the latest cutting edge technologies to help keep our customers ahead of the curve and provide them with the most cost effective graphic art, pre-press and plate making services the market has to offer. Our staff of highly trained artists and plate making craftsmen has provided VT Graphics

with the experience, knowledge and advanced skill set that have kept us in an industry leadership position for so long. With these resources in hand, we work diligently to develop high quality graphics for our client base. Our plates are the best tool available – anywhere – to reproduce graphics on corrugated containers and displays. We ensure the fidelity of graphics reproduction and consistently deliver the reliability companies need to communicate their messages and bolster and protect brand identity in the marketplace.

## Who We Serve

Multinational brands, CPCs and corrugated converters who want state-of-the-art plate making expertise, deft handling of the press characterization process and color management, time-saving pre-mounting, and the best in on-site and remote project management come to VT Graphics. We approach every project with the same passion for details and efficiency that has driven waste out of our process. We deploy the most cutting edge technology in a single-source solution to create lasting enterprise value for multinational brands, CPCs & corrugated converters.

### Multinational Brands & CPC's

Our state-of-the-art technology allows brands and CPCs to react to ever-changing marketplace conditions and respond faster – all without the need for them to hire print-savvy people in-house. With automated workflows, online tools such as **VT Process Manager™** & **VT Project Manager™**, and our on-site liaisons, we have crafted a uniquely efficient client care solution.

### Corrugated Converters

Through technological support and press characterization, we optimize press utilization to achieve less downtime, while our state-of-the-art-technology and passion for improving processes continually boosts print reproduction, production throughput and waste reduction.

## The VT Graphics Difference

### A Passion for Innovation

We offer enterprise solutions that reduce waste and we never stop refining the workflow process. VT Graphics provides on-site liaisons and technological support that anticipates your needs and keeps us – and our customers – in industry leading positions.

### Understanding Your Needs

We know that consistent high-quality graphics and brand identity enforcement are critical in engaging your customers, promoting increased sales and capturing long-term consumer loyalty. VT Graphics delivers a deep understanding of brand asset compliance, color management and state-of-the-art technology that brands, CPC's and converters need to produce market-leading packaging and displays that support and enhance brand loyalty and increased sell-through.

### The Highest Quality

Our plates are the best tool available – anywhere – to reproduce graphics on corrugated containers and displays. We ensure the fidelity of graphics reproduction and consistently deliver the reliability companies need to communicate their messages and bolster and protect brand identity in the marketplace.

### Workflow Perfection

We approach every project with the same passion for detail and efficiency that has driven waste out of our process. We deploy the most advanced cutting edge technology in a single-source solution to create lasting enterprise value for brands, CPC's and converters. Our IT solution, VT Project Manager®, provides 24/7/365 visibility into your projects at every stage of life.
